

March 31, 1983

LB 371

PRESIDENT: Senator Labedz, do you wish to take up those committee amendments, I mean the amendment to the standing committee amendments?

CLERK: Senator, the amendment in its entirety is on page 1153. The amendment that is being offered as an amendment to the committee amendments would be actually on page 4 of that amendment.

PRESIDENT: Senator Labedz.

SENATOR LABEDZ: Thank you, Mr. President. I believe that they all have a copy of the amendment, and Senator Schmit unfortunately is not here so I will try to explain what Section 14 does on page 4, and on page 4 all the way down to line 25, I believe.

PRESIDENT: No, Senator, we are now considering...oh, very well, yes. We are considering that Section 15.

SENATOR LABEDZ: Which would strike some of the committee amendments.

PRESIDENT: But not Section 14. Senator Beutler.

SENATOR LABEDZ: Fifteen. Fifteen, I am sorry.

PRESIDENT: Did I correct that, Senator?

SENATOR LABEDZ: Yes.

PRESIDENT: Senator Beutler, do you have a point?

SENATOR BEUTLER: Mr. President, the sections that I think you have designated now as standing committee amendments and divided into two parts, that is regular amendments and standing committee amendments, I would like to ask for a further division of the question of the standing committee amendments so that that portion which is identified on lines 18 through the word "nineteen" in line 20 is one part, and then Subsection (b) there starting on line 20 through basically through the remainder of Subsection (b) is part two, because they are really two separate and distinct questions.

PRESIDENT: And you would suggest then that part (c) would be a third....

SENATOR BEUTLER: Part (c) could...

PRESIDENT: Well part (c) is....
